

## PROCEDURES POLICY

The following is our policy for procedures that are done in the office. Please sign at the designated area to acknowledge that you have read and agree to this policy.

1. We will collect 70% of the total cost of the procedure at the time service is rendered. This applies if you have NOT met your deductible.
2. Removal of skin tags is considered a cosmetic procedure by insurance companies. There is an out-of-pocket fee due at the time service is rendered. Removal of skin tags may require additional office visits depending on the number of tags that you have.
3. Procedures used to remove warts and wart-like growths are not covered by most insurance plans. These procedures include freezing, burning, surgical removal, and using chemicals. We will collect the total cost at the end of your visit. If we submit your claim and the procedure is covered, then we will reimburse you.
4. Removal of warts may require more than one treatment. There is a charge for each treatment. Warts can recur with any procedure so there is no guarantee that a certain procedure will remove the wart permanently.
